Show Your Support for MoM – Help put Motherhood on the Map!

Sign this letter to show your support for the Museum of Motherhood! It will help secure our forever place in the community.

By adding your signature, you are expressing a desire to see resources from the Tampa Bay community go towards the museum, the scholarship we support, the artists who utilize our space, and local women, mothers and families.

The Museum of Motherhood is the first and only exhibition and education center devoted to elucidating the art, science, and herstory of women, m/others, and families, including all reproductive identities. MoM's mission is to celebrate mothers' work and counter-narratives that have kept women less visible while educating future generations.

MoM welcomes people of all ages and stages of reproductive experience including non-binary individuals, and those living through pregnancy, adoption, menses, loss, justice issues, illness, and disability as well as those who are childless by choice. We believe a more comprehensive understanding of all aspects of m/others, mothering, and motherhood will lead to healthier and happier homes, more productive workplaces, and better social policies.

Thank you for stating your support of our project and for your support of our endeavors to grow our teaching and exhibition facility locally in Pinellas County as an international destination.

Thank You -
The MoM Team
